*A PORTION OF THE PROCEEDS BENEFITS THE PHILANTHROPIC WORK OF THE RIVER CITY (TN) CHAPTER OF THE LINKS, INCORPORATED

An aerial photograph of a large crowd of people, likely at a stadium or arena, with a white text box overlaid in the center. The crowd is densely packed, and the colors of their clothing create a vibrant, textured pattern. The text box is a solid white rectangle, providing a clear background for the black text.

TIPS FOR MAINTAINING HEART HEALTH

5

Maintain a Healthy Diet

Load up on fruits, vegetables, lean proteins, and whole grains while minimizing processed foods, sugar, and unhealthy fats.

Stay Active

Aim for at least 30 minutes of moderate-intensity exercise most days of the week to keep your heart strong and your blood flowing.

Manage Stress

Practice stress-reduction techniques such as meditation, deep breathing exercises, and spending time outdoors to protect your heart from the harmful effects of chronic stress.

Know Your Numbers

Keep tabs on your blood pressure, cholesterol levels, blood sugar, and BMI, and work with your healthcare provider to manage any risk factors.

Don't Smoke

Smoking is a major risk factor for heart disease, so if you smoke, quitting is one of the best things you can do for your heart health.

An aerial photograph of a river delta, showing intricate patterns of teal and turquoise water flowing into a golden-brown, textured landmass. The water channels are dense and branching, creating a complex, organic shape. The land appears to be a dense forest or a similar natural landscape. The overall color palette is dominated by the vibrant blues and greens of the water and the warm, earthy tones of the land. A solid dark teal horizontal bar is positioned across the lower portion of the image, partially overlapping the text.
